## From the Principal's Desk

Dear Students,

The present crisis is the test for all of us, which we have to deal with patience. Now that there is a lock down in the country, the market is closed, no one is allowed out of the house, missing school and friends, feeling bored, feeling like what to do and what not to do, The books of the new session are not available, even then there is a lot of work that you can do in this situation. It is also said that *where there is a will, there is a way* so first of all it is necessary that you understand this situation and

don't panic, support your parents fully and say them to have patience in this difficult time of global pandemic. You can do the following tasks under the guidance of parents to keep yourself busy while at home:

1. Improve handwriting, practice writing at least two pages in Hindi and two pages in English every day.
2. Try to memorize at least 10 new words and their meanings from English dictionary. In the same way, practice at least 10 new words of Hindi by memorizing them. In both languages, increase and improve your vocabulary by practicing antonyms, disjunctive words, synonyms etc.
3. For creative writing in Hindi and English, practice letter writing and essays on various subjects. Please do not resort to any book or internet, just pen your original ideas.
4. Practice the important formulas, definitions and rules of the previous class of mathematics and science in written form.
5. In Mathematics, memorize at least tables up to 20 and square roots and up to 10 cube roots, this will greatly increase your calculation speed.

6. In EVS project, make a list of pulses / spices commonly available in your kitchen , note their size, color etc. and get information from parents about their use and properties.
7. At least one hour can be given to increase general knowledge related to the country , world , sports science. Support of parents and books available at home, internet (if available) can be taken for this purpose.
8. In the morning, practice yoga, pranayama and Surya Namaskar etc. on the roof / balcony / verandah of the house.
9. If you have internet access, then the textbook of all classes is available on NCERT website. You can download and start self-study. Apart from this, many web portals and mobile apps are available in which audio and video content related to school curriculum, e-books, flip books, course modules etc. are available using which you can continue your studies at home. Some of these web portals and mobile apps are as follows:

**B. GAYATHRI**  
Principal

**From the senior most PRT**

In the extraordinary situation during nationwide lockdown due to Covid-19 pandemic. It was a difficult task to engage children in academic activities. We used to take help of Technology in teaching learning. In this difficult time technology became main tool of teaching and learning. Along with curricular activities we tried to engage children in Yoga, Craft, Acting, Drawing and Painting activities. It was a new learning experience for all of us.

I want to thank all the parents for their patience and corporation. I pay my sincere gratitude to respected Principle Mam for her guidance and to my teachers for their sincere efforts and hard work.

**DEEPIKA JHA**

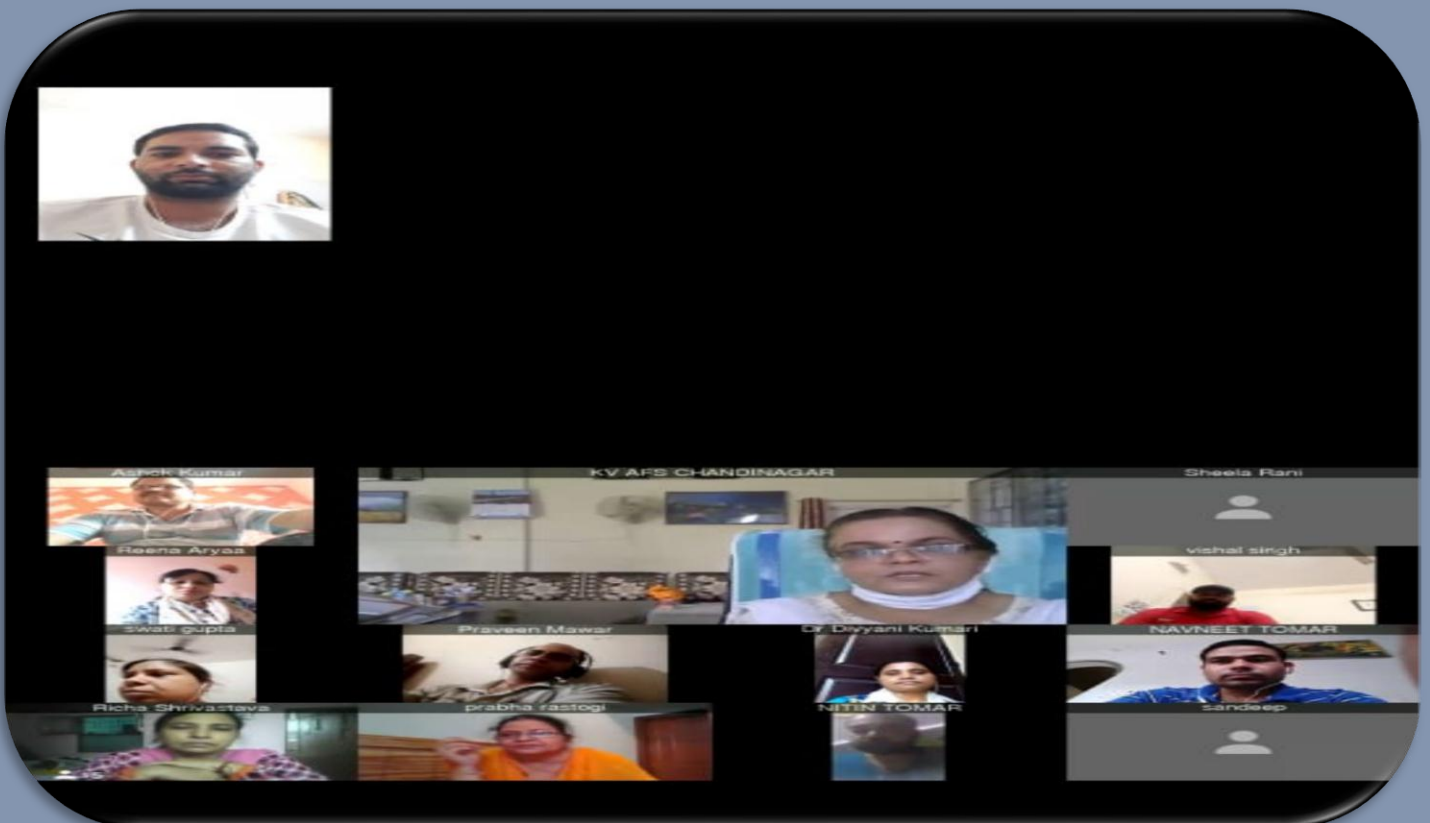

**PRT**

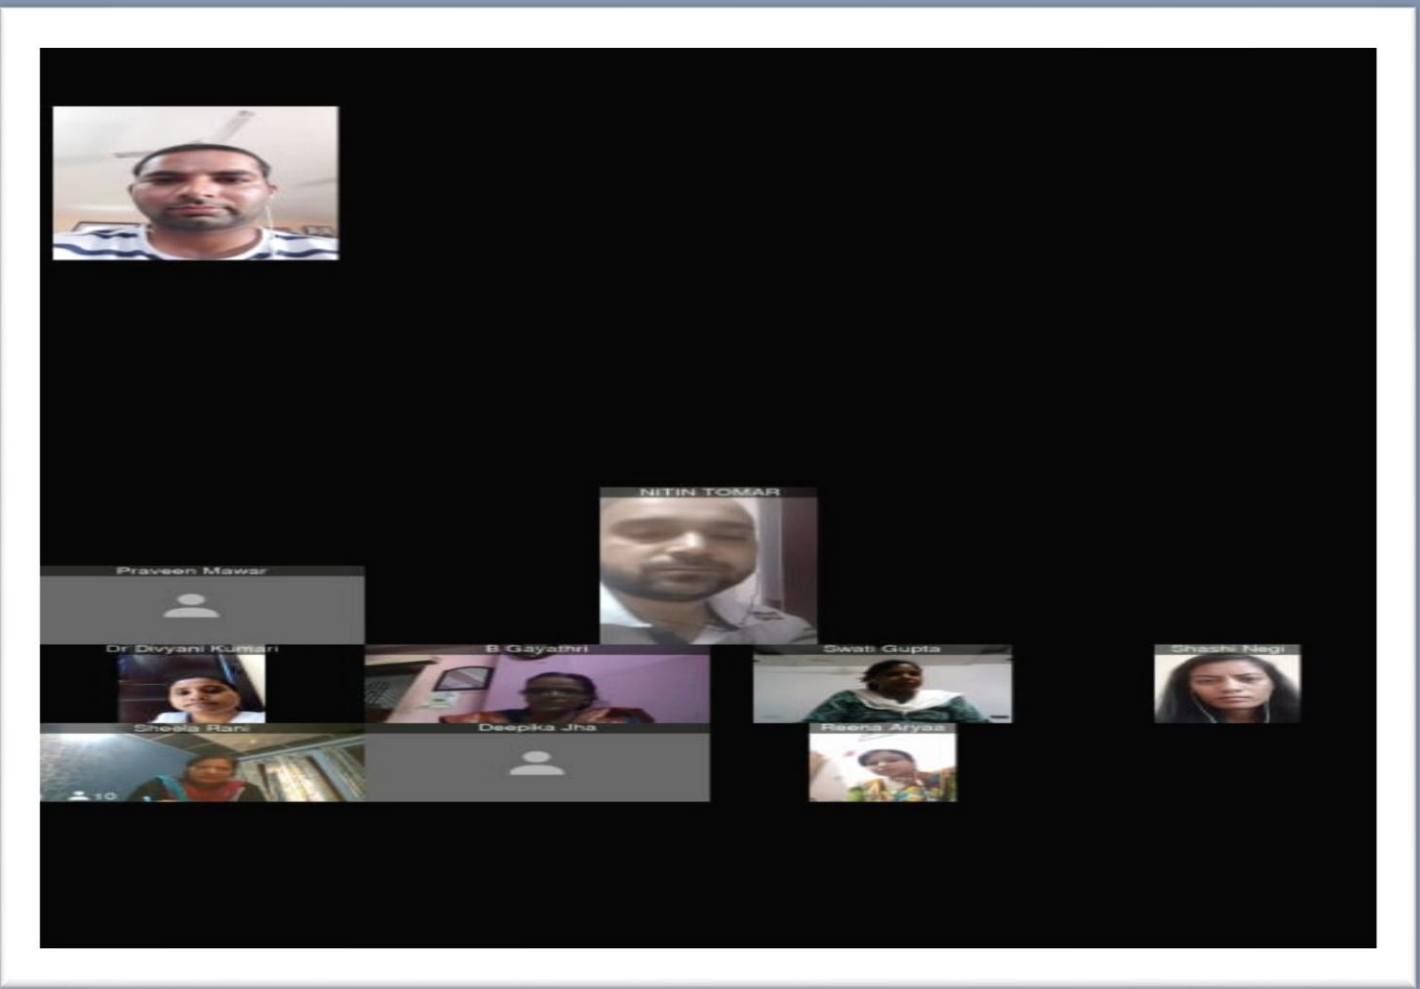

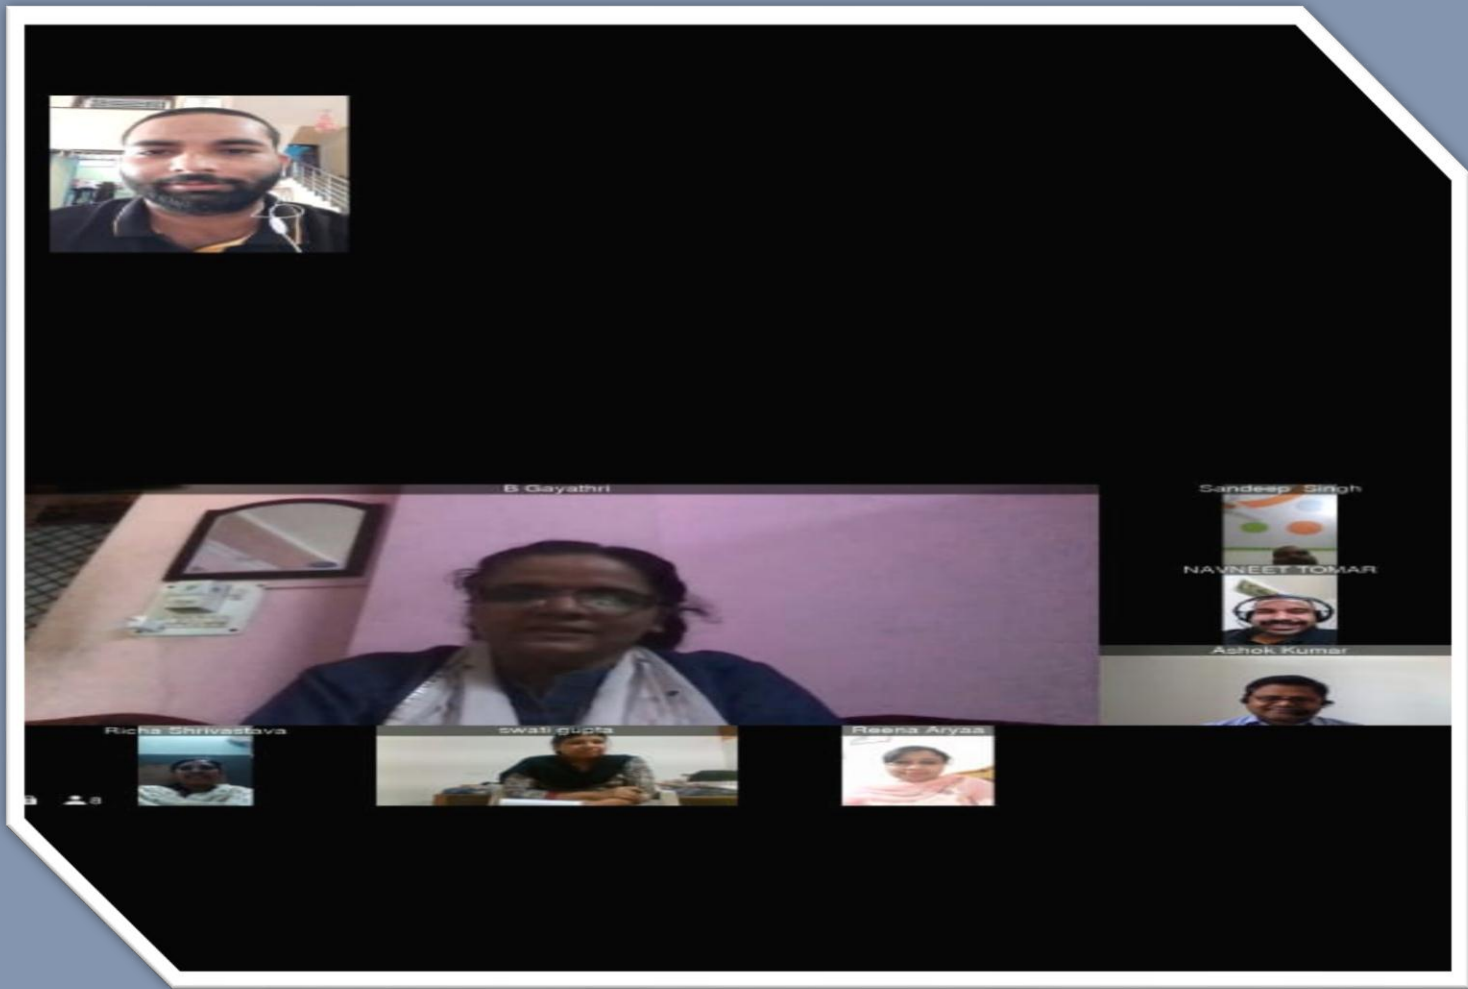

## List of activities conducted.

- Preparation and declaration of result as per KVS schedule.
- Meeting of all the staff members (on Lifesize app) to discuss about the schedule and tools to be used for online classes.
- Preparation of e-content (Videos, PPTs, Worksheets, Quizzes) by all the staff members.
- Celebration of Dr. B.R. Ambedkar's birthday as Samrasta Diwas on 14th April,2020 by organizing a quiz based on his life.
- Celebration of Earth day on 22 April,2020 by discussing about ways to save the natural resources available on Earth and drawing of posters and videos by students.
- Celebration of Labour day on 1st May,2020 by talking about the labourers to develop a sense of gratitude and compassion in the students towards them and organising poem/drawing competition.
- Preparing of DIY masks by the students during funday activities.
- Publishing of CMP newsletter online for the session 2019-20.
- Regular classes according to a special timetable prepared for lockdown period.
- Regular evaluation of the students using Whats app/quizzes.
- Providing of Holiday HW in all the subjects.
